Wyndham Worldwide Reports Third Quarter 2010 Earnings Results Exceed Expectations Increases Full-Year Guidance

PARSIPPANY, N.J. (October 26, 2010) - Wyndham Worldwide Corporation (NYSE: WYN) today announced results for the three months ended September 30, 2010.

HIGHLIGHTS:

- Third quarter 2010 adjusted diluted earnings per share (EPS) was \$0.68, compared with Company-issued guidance of \$0.60 \$0.64 and \$0.58 in the third quarter of 2009. Third quarter 2010 reported diluted EPS was \$0.84, an increase of 47% from the same period in 2009.
- Free cash flow, which the Company defines as net cash provided by operating activities less capital expenditures, equity investments and development advances and
 excluding previously announced cash payments related to contingent IRS tax liabilities, increased 24% to \$564 million in the first three quarters of 2010, compared
 with \$454 million during the same period in 2009.
- During the quarter, the Company repurchased approximately 4.8 million shares of its common stock at an average price of \$25.07.
- The Company announced on October 21, 2010 that it completed a term securitization transaction involving the issuance of \$300 million of investment-grade assetbacked notes at an advance rate of 88% and an all-in yield of 3.7%.
- On September 30, 2010, the Company's Vacation Exchange & Rentals unit completed the previously announced acquisition of ResortQuest, a leading provider of U.S. full-service vacation rentals.

"This quarter's strong results reflect continued superior execution throughout our company and further strengthening of business fundamentals," said Stephen P. Holmes, chairman and CEO, Wyndham Worldwide. "We continue to deploy free cash flow in a disciplined manner to drive growth and deliver shareholder value, balancing tuck-in acquisitions, share repurchases, convertible debt retirement and dividends."

THIRD QUARTER 2010 OPERATING RESULTS

Third quarter revenues increased 5% from the prior year period to \$1,065 million. Excluding the \$36 million of Vacation Ownership revenue associated with the percentageof-completion (POC) accounting method in the third quarter of 2009, third quarter 2010 adjusted revenue growth was 9%. The adjusted revenue growth primarily reflects continued sales momentum across the Company's business units.

For the third quarter of 2010, adjusted net income increased by 18% to \$125 million, compared with \$106 million for the same period in 2009. The increase primarily reflects strong operational performance by the Vacation Ownership business, higher RevPAR in the Lodging business and a lower effective tax rate.

Reported net income for the third quarter of 2010 grew 50% to \$156 million, or \$0.84 per diluted share, compared with net income of \$104 million, or \$0.57 per diluted share, for the third quarter of 2009. The increase in reported net income from 2009 primarily reflects an after-tax \$38 million net benefit principally related to the resolution of the IRS examination of taxable years 2003 through 2006 of Cendant (Wyndham Worldwide's former parent), partially offset by a \$6 million after-tax loss incurred for the repurchase of a portion of the Company's 3.50% convertible notes.

Free cash flow totaled \$564 million in the nine-month period ended September 30, 2010 compared with \$454 million in the same period in 2009. The growth of free cash flow reflects higher cash earnings and more efficient working capital utilization. Cash provided by operating activities was \$528 million for the nine months ended September 30, 2010, compared with \$569 million for the prior-year period.

BUSINESS UNIT RESULTS

Lodging (Wyndham Hotel Group)

Revenues were \$203 million in the third quarter of 2010, an increase of 11%, compared with the third quarter of 2009, reflecting an increase in RevPAR and other franchise fees as well as higher fees generated from ancillary services provided to franchisees, which are substantially offset in EBITDA by related costs.

In the third quarter of 2010, RevPAR increased 6.7%, or 6.4% in constant currency. Third quarter 2010 EBITDA was \$67 million, an increase of 16%, compared with third quarter of 2009.

As of September 30, 2010, the Company's hotel system consisted of approximately 7,150 properties and 605,700 rooms, flat from the second quarter of 2010. Approximately 25% of the Company's hotel system is international. The development pipeline included approximately 930 hotels and 107,500 rooms, of which 54% were new construction and 47% were international.

Vacation Exchange and Rentals (Wyndham Exchange & Rentals)

Revenues were \$330 million in the third quarter of 2010, an increase of 1% compared with the third quarter of 2009. In constant currency, revenues increased by 5%.

Exchange revenues were \$163 million, relatively flat compared with the third quarter of 2009. Exchange revenue per member and the average number of members were flat.

Vacation rental revenues were \$161 million, a 3% increase compared with the third quarter of 2009. In constant currency, vacation rental revenues increased 11% from the third quarter of 2009, reflecting the contribution of incremental revenues from the recently acquired Hoseasons brand and favorable pricing for bookings made close to arrival dates.

Third quarter 2010 Exchange and Rentals EBITDA was \$103 million, a decrease of 4%, compared with EBITDA of \$107 million in the third quarter of 2009. Excluding an unfavorable net effect of foreign currency of \$2 million and \$1 million of costs related to the acquisition of ResortQuest during September 2010, third quarter 2010 adjusted EBITDA was relatively flat compared with the prior-year period. This performance reflects the contribution of Hoseasons offset by increases in operating expenses including value-added taxes.

Wyndham Exchange & Rentals acquired ResortQuest on September 30th. ResortQuest is a leading provider of full-service vacation rentals in the U.S. and adds approximately 6,000 vacation rental properties. With this acquisition, Wyndham Worldwide enters the U.S. vacation rental market and becomes the world's largest full-service vacation rental business, providing access to more than 85,000 vacation properties in approximately 100 countries.

Vacation Ownership (Wyndham Vacation Ownership)

Gross Vacation Ownership Interest (VOI) sales were \$412 million in the third quarter of 2010, up 13% from the third quarter of 2009, reflecting an 8% increase in tour flow and a 7% increase in volume per guest.

Total segment revenues were \$533 million in the third quarter of 2010, compared with \$508 million in the third quarter of 2009, which included the recognition of \$36 million of previously deferred POC revenues. The absence of these revenues in the third quarter of 2010 was more than offset by an increase in gross VOI sales and a lower provision for loan losses.

EBITDA for the third quarter of 2010 was \$123 million, compared with EBITDA of \$104 million in the third quarter of 2009. Excluding an estimated \$17 million impact from the POC method of accounting in the third quarter of 2009, third quarter 2010 adjusted EBITDA growth was 41%. This growth reflected the lower provision for loan losses and the increase in VOI sales.

Other Items

- The Company repurchased approximately 4.8 million shares of its common stock during the third quarter of 2010 at an average price of \$25.07 and an additional 600,000 shares at an average price of \$28.72 through October 25, 2010.
- On September 20, 2010, the Company completed the issuance of senior unsecured notes in the amount of \$250 million, which bear an interest rate of 5.75% per year and are due February 1, 2018.
- During the third quarter of 2010, the Company repurchased \$92 million face value of its 3.50% convertible notes and retired the call options and warrants associated with these notes.
- Interest expense in the third quarter of 2010 was \$47 million, an increase of \$13 million from the third quarter of 2009, primarily reflecting a loss incurred for the repurchase of a portion of the Company's 3.50% convertible notes during the third quarter of 2010.
- On October 21, 2010, the Company announced that it completed a term securitization transaction involving the issuance of \$300 million of investment-grade, asset-backed notes with an advance rate of 88%. Sierra Timeshare 2010-3 Receivables Funding LLC issued \$250 million of A rated and \$50 million of BBB rated notes, with coupons of 3.51% and 4.44%, respectively, backed by vacation ownership loans.

Balance Sheet Information as of September 30, 2010:

- Cash and cash equivalents of approximately \$170 million, compared with \$155 million at December 31, 2009
- Vacation ownership contract receivables, net, of \$3.0 billion, compared with \$3.1 billion at December 31, 2009
- Vacation ownership and other inventory of approximately \$1.2 billion, compared with \$1.3 billion at December 31, 2009
- Securitized vacation ownership debt of \$1.6 billion, compared with \$1.5 billion at December 31, 2009
- Other debt of \$2.0 billion, unchanged from December 31, 2009. The remaining borrowing capacity on the revolving credit facility was \$896 million, compared with \$869 million as of December 31, 2009.

A schedule of debt is included in the financial tables section of this press release.

Outlook

The Company increased full-year 2010 guidance:

- Adjusted EBITDA increased to \$855 \$865 million from \$825 \$860 million
- Adjusted diluted EPS increased to \$1.94 \$1.98 from \$1.78 \$1.88

For the fourth quarter of 2010, the Company expects adjusted diluted EPS of \$0.40 - \$0.44, including an estimated tax rate of 24%.

Management provided preliminary guidance for the full-year 2011:

- Revenues of approximately \$4.0 \$4.2 billion
- Adjusted EBITDA of approximately \$925 \$955 million

The guidance reflects assumptions used for internal planning purposes. All guidance excludes legacy items, restructuring costs, debt extinguishment and acquisition costs, if any, which may have a positive or negative impact on reported results. If economic conditions change materially from current levels, these assumptions and our guidance may change materially. It is not practicable to provide a reconciliation of forecasted adjusted EBITDA and EPS to the most directly comparable GAAP measures because certain items cannot be reasonably estimated or predicted at this time. Any such items could be significant to our financial results.

Wyndham Worldwide Corporation OPERATING RESULTS OF REPORTABLE SEGMENTS (In millions)

In addition to other measures, management evaluates the operating results of each of its reportable segments based upon net revenues and "EBITDA," which is defined as net income before depreciation and amortization, interest expense (excluding consumer financing interest), interest income (excluding consumer financing interest) and income taxes, each of which is presented on the Company's Consolidated Statements of Operations. The Company believes that EBITDA is a useful measure of performance for the Company's industry segments which, when considered with GAAP measures, the Company believes gives a more complete understanding of its operating performance. (a) Includes the impact of the acquisition of Microtel Inns & Suites and Hawthorn Suites (July 2008) and the Tryp hotel brand (June 2010) from the acquisition dates forward. Therefore, the data is not presented on a comparable basis.

(b) Represents the revenue that is deferred under the percentage of completion method of accounting. Under the percentage of completion method of accounting, a portion of the total revenue from a vacation ownership contract sale is not recognized if the construction of the vacation resort has not yet been fully completed. This revenue will be recognized in future periods in proportion to the costs incurred as compared to the total expected costs for completion of construction of the vacation resort. Positive amounts represent the recognition of previously deferred revenues.

(c) Represents provision for estimated losses on vacation ownership contract receivables originated during the period, which is recorded as a contra revenue to vacation ownership interest sales on the Consolidated Statements of Income.

(d) Represents gross VOI sales under the Company's WAAM for which the Company earns commission revenue (WAAM Commission Revenues). The commission revenue earned on these sales is included in service fees and membership revenues on the Consolidated Statement of Income. The Company implemented this sales model during the first quarter of 2010 and, as such, there is no historical data prior to 2010.

Wyndham Worldwide Corporation OPERATING STATISTICS

GLOSSARY OF TERMS

Lodging

Number of Rooms: Represents the number of rooms at lodging properties at the end of the period which are either (i) under franchise and/or management agreements, (ii) properties affiliated with the Wyndham Hotels and Resorts brand for which we receive a fee for reservation and/or other services provided or (iii) properties managed under a joint venture.

Average Occupancy Rate: Represents the percentage of available rooms occupied during the period.

Average Daily Rate (ADR): Represents the average rate charged for renting a lodging room for one day.

RevPAR: Represents revenue per available room and is calculated by multiplying average occupancy rate by ADR. Comparable RevPAR represents RevPAR of hotels which are included in both periods.

Vacation Exchange and Rentals

Average Number of Members: Represents members in our vacation exchange programs who pay annual membership dues. For additional fees, such participants are entitled to exchange intervals for intervals at other properties affiliated with our vacation exchange business. In addition, certain participants may exchange intervals for other leisure-related products and services.

Exchange Revenue Per Member: Represents total revenue generated from fees associated with memberships, exchange transactions, member-related rentals and other servicing for the period divided by the average number of vacation exchange members during the period.

Vacation Rental Transactions: Represents the number of transactions that are generated in connection with customers booking their vacation rental stays through us. One rental transaction is recorded each time a standard one-week rental is booked.

Average Net Price Per Vacation Rental: Represents the net rental price generated from renting vacation properties and other related rental servicing fees to customers divided by the number of vacation rental transactions.

Vacation Ownership

<u>Gross Vacation Ownership Interest Sales</u>: Represents sales of vacation ownership interest (VOIs), including Wyndham Asset Affiliation Model sales, before the net effect of percentage-of-completion accounting and loan loss provisions. See Table 9 for a reconciliation of Gross VOI sales to Vacation Ownership Interest Sales. We believe that Gross VOI sales provides an enhanced understanding of the performance of our vacation ownership business because it directly measures the sales volume of this business during a given reporting period.

Tours: Represents the number of tours taken by guests in our efforts to sell vacation ownership interests.

<u>Volume per Guest (VPG)</u>: Represents gross VOI sales (excluding tele-sales upgrades, which are non-tour upgrade sales) divided by the number of tours. We have excluded non-tour upgrade sales in the calculation of VPG because non-tour upgrade sales are generated by a different marketing channel. See Table 9 for a detail of tele-sales upgrades for 2007-2010. We believe that VPG provides an enhanced understanding of the performance of our vacation ownership business because it directly measures the efficiency of this business' tour selling efforts during a given reporting period.

General

Constant Currency: Represents comparison eliminating the effects of foreign exchange rate fluctuations between periods.

Wyndham Worldwide Corporation NON-GAAP RECONCILIATIONS AND FINANCIAL INFORMATION (In millions)

FREE CASH FLOW

The Company defines free cash flow as net cash provided by operating activities minus capital expenditures, equity investments and development advances, excluding cash payments related to the Company's contingent IRS tax liabilities that it assumed and is responsible for pursuant to its separation from Cendant. The Company considers free cash flow to be a liquidity measure that provides useful information to management and investors about the amount of cash generated by the business that, after the acquisition of property and equipment, equity investments and hotel development advances, can be used for strategic opportunities, including making acquisitions, paying dividends, repurchasing the Company's common stock and strengthening the balance sheet. Analysis of free cash flow also facilitates management's comparisons of the Company's operating results to its competitors' operating results. A limitation of using free cash flow versus the GAAP measure of net cash provided by operating activities as a means for evaluating Wyndham Worldwide is that free cash flow does not represent the total increase or decrease in the cash balance from operations for the period.

The following table provides more details on the GAAP financial measure that is most directly comparable to the non-GAAP financial measure and the related reconciliation between these financial measures:
